CAMPBELL, SANTA CLARA COUNTY, CALIFORNIA.

FRIDAY, APRIL 8, 1927

California Ranch News

Golden State News of Interest to All

An extensive program of street paving is contemplated by the city council of Corcoran.

Fire from an overheated stove caused approximately \$1,000 damage to the Masonic clubrooms at Madera recently.

Three hundred Masons from all over the state attended the dedication of the new temple at Tulare, recently rebuilt from the old at a cost of \$30,000.

Madera's new city well was flowing between 1,000 and 1,200 gallons of water on March 26. A test for the actual capacity of the well is to be made.

The Exeter chamber of Commerce in regular session passed a resolution protesting against the removal of the United States land office from Visalia.

The co-operative campaign against rats in the southern district of Sonoma county is taking definite shape in the way of ridding the cities and towns of rodents.

The first carload of baby chicks, consisting of 90,000, furnished by the Petaluma hatcheries, have been shipped out of that city to states on the Pacific Coast and Rock mountain section.

N. O. Cook, district deputy horticultural commissioner at Redlands, has recently completed a survey of the citrus groves in this vicinity and says they have never appeared to be in better condition.

Hop contracts totaling 860,000 pounds and representing \$130,000, were filed in the county recorder's office, Santa Rosa. The largest amount of hops will be from the Chisholm Farms, 100,000 pounds.

Expenditures totaling \$211,327 are to be made in 1927 in the Santa Maria district of Midland Counties Public Service corporation for improvement and construction of lines and substations and for general operation.

Orange county's assessed valuation will show an increase of at least \$2,000,000 this year, as compared to 1926, Assessor James Sleeper predicted in announcing that his field deputies are now at work in various sections of the county, conducting the 1927 assessment.

Government-owned snow plows, operating from Reno, Nevada, and manned by crews of Nevadans within the next few days will be engaged in the task of helping Truckee people clear the snow from the Victory highway over the Truckee summit in order to open that highway to automobile travel earlier than usual.

Women's Clubs throughout California are sponsoring the state-wide meat inspection program of the state department of agriculture, according to announcement made by Dr. George Gordon, in charge of meat inspection. Dr. Gordon states women of the state have been giving addresses before many clubs in favor of the program.

Napa county will hold an agricultural fair this season, the first in many years. This action was taken at a meeting of the directors of the Napa county agricultural association, held in the offices of W. G. Thompson. The date of the exposition, which will be a display of the agricultural resources of this county, will be August 25, 26, and 27.

Pasadena is to be the home of one of the most beautiful church buildings in Southern California, according to specifications for the new St. Andrew's Catholic church, at Walnut street and Raymond avenue, which have been completed by Ross Montgomery, architect. Construction will soon begin it is declared by Lawrence G. McNeil, vice-president of the J. V. McNeil company, to whom the contract was awarded. The new edifice is to cost approximately \$750,000.

Lassen Peak is not dead—far from it—and the greatest period of earth tremors on record there, which occurred between March 19 and 12, in addition to almost daily tremors the entire month, indicate that the famous mountain may at any time justify its reputation as "the only active volcano in continental United States." So states R. H. Finch, volcanologist of the United States geological survey in charge of the observation at Mineral on the slopes of Lassen.

California shipped 45,000 cars of fresh fruits and vegetables to New York City in 1926 as compared with 25,000 cars from Florida and 22,000 cars from New York state, according to official reports. New York is the largest market for perishables in the United States and receives supplies from almost every state in the Union, as well as a number of foreign countries. It is interesting to note that California originates almost as much "perishable" stuff as the two nearest competing states combined.

Passion Week Services At Campbell Churches

April 10-17

CONGREGATIONAL & METHODIST CHURCHES

W. C. Robins, J. H. Bennett, Pastors.

PALM SUNDAY

- 11:00 Methodist Church.....W. C. Robins preaching.

Subject, "Easter's Living Christ."
7:30 p. m. Methodist Church (Union Service) W. C. Robins.
Special Easter Music by United Choirs.
Subject, "The Meaning of it all."

BELOVED PIONEER CALLED TO REWARD

Mrs. Marie Scholz who has been in failing health for some time passed peacefully away Monday night, April 4, at her home on Winchester Road.

Marie Hopfe was born Sept. 11, 1852 in Germany, coming to this country with her parents in 1866. She was married to Oswald Scholz in Astoria, N. Y., in 1871. Four years later they moved to the Hawaiian Islands making that their home for sixteen years. In October 1891 they came to Campbell where she had made her home since.

A large family of children blest their union of whom the following survive their mother, the father having passed away many years ago: Mrs. Veronica Straub and Mrs. L. W. Hutchins of San Jose, Mrs. Theresa Brydon and Miss Anna Scholz of Campbell, Paul and Frank of San Francisco, Herbert of Birmingham, Ala., Robert of Campbell and Carl of Palo Alto. Hilda and Hermine died in childhood and Oswald but a few years ago.

All the children will be here for the funeral, Herbert and Carl arriving tomorrow from the east.

The funeral service will be held Monday at 10 p. m., from Hocking and Williams Parlors, in San Jose, under the auspices of the Grange.

During her long residence in Campbell Mrs. Scholz had made many friends, for altho a decided home body, she was an active member of Orchard City Grange and a most hospitable neighbor.

Rev. G. E. Atkinson, former Campbell pastor and friend of the family, will have charge of the service. The remains will be taken to the Cypress Lawn for cremation.

"ORCHARD CITY" IS NOW "CHICK CITY"

"The TRADE" in the East and abroad knows Campbell for its canned and dried fruits; but the common people of the great West, taking in the states bounded by Washington and Montana on the north, and Arizona on the south, know Campbell as the birth place of Baby Chicks.

For all spring long seventy-five thousand weekly, a steady stream of day old chicks leave our town for their long journey across the state line into eight of the states north, east and south. The average distance this cavalcade of day-olds travel, is at least one thousand miles, some finding homes fifteen hundred miles away.

Thirty thousand of these go weekly, from the largest incubator in California, recently erected at the Mission Hatchery. Literally eggs go in at the top daily and twenty one days later come out from the bottom, well hatched, husky little chicks, ready for the pullman boxes that are their traveling homes for the next two or three days.

Think of it, you who have operated incubators that hold a few hundred eggs, 141,000 eggs all in "one basket," all under one steam heating boiler, with three thermometers to read and three doors to open, and no egg turning except automatically, and a constant stream of fresh air impregnating every corner of the huge machine. Every few minutes the machine is emptied of its used air and fresh air from outside brought in by the use of twelve powerful electric fans that are constantly on the job day and night.

Besides this, big mammoth, with a weekly output of thirty thousand chicks, the Mission has in use a mammoth Buckeye, and at present also one hundred of the small type machines to carry it over the rush season.

This plant alone is shipping 50,000 chicks weekly while other plants in Campbell are running full blast and orders far beyond their capacity going begging. So Campbell is a "Chicken Town" as well as an "Orchard City."

CLUB GUEST DAY A MARKED SUCCESS

Sunshine and spring flowers combined to make Monday an ideal day for the Country Woman's Club guest day.

The hall was most artistically dressed up with a variety of flowers in shades of pink and the lavenders and purples, which are so harmonious with the colorings in the room, and seemed to blend very effectively with the paintings which Mr. Frank Cutting displayed.

Mr. Cutting recently exhibited a group of pictures and studies of the Yosemite and they were so much enjoyed that the committee felt assured that their visitors would be equally pleased. In this showing he included several views along Monterey Bay and of near by beauty spots, and the ladies were most enthusiastic in their praise.

Mrs. Carboni, the president, on behalf of the club very graciously welcomed the guests and introduced Mrs. R. H. Hyde chairman of the afternoon.

Following the picture exhibit, pupils of Mrs. Vandine Putnam Sanders gave a group of numbers in costume.

Betty Noftz gave two pretty dances, a "Dutch Clog" and "The Easter Bonnet." Little Barbara Jones was captivatingly sweet in a "Parasol Dance" and in a song "Take This Rose."

"The New Brother," a reading with music; and a Gavotte were very pleasingly done by Barbara Ellen Bean, and the children's features contributed materially to the afternoon's pleasure.

Mrs. G. S. Robson and Mrs. F. V. Perrott acted as accompanists in the absence of their regular musician who was busy at the studio.

A group of three songs was sung by Mrs. J. Elmer Morrish of San Jose, whose wonderful soprano voice was indeed a treat for her hearers. Her selections were: (a) "The Sweet O' the Year," by Mary Turner Salter, (b) "Be Ye in Love With April," Ward-Stephens; (c) "A Spanish Romance," Sawyer; and as an encore "A Birthday," Huntington-Woodman. The club is deeply indebted to Mrs. Morrish for her lovely music.

Dainty individual cakes and tea were served during the hour of social intercourse that concluded the afternoon.

Mrs. Hyde was very ably assisted by the other members of the committee, Mesdames G. S. Robson, L. S. Miller, F. M. Righter, H. W. Morton, L. T. Lenox and A. S. Cooley.

Bridge Party

Mrs. E. G. Ainsley and Mrs. W. L. Lloyd entertained a party of friends Wednesday afternoon at the home of the former. Three tables of bridge were played, high scores being won by Miss Mary Rodeck, Mrs. W. H. Stray and Mrs. G. S. Robson.

A dainty luncheon was served, with favors of lovely tulip boutonnieres in a variety of colors, matching the paper flower nut cups.

Masses of gorgeous tulips and daffodils, products of the Ainsley Bulb Gardens, were effectively placed about the house, lending a wonderful color note to the party.

Stevens-Morton

The many friends of both parties were much surprised and pleased to hear of the marriage of W. T. Morton and Mrs. Ray Stephens in San Francisco Saturday.

Both are well known here and a host of friends extend them hearty best wishes and hope they may decide to come to reside in our midst.

Mr. and Mrs. Ralph Herring are receiving congratulations on the birth of a daughter March 27th.

CONG. FREE TO SPEAK IN CAMPBELL APR. 21

The Kiwanis Club has had the good fortune to secure Congressman Arthur M. Free as the speaker at a public meeting in Campbell on the evening of April 21. He will speak on the work of Congress during the past session. They also arranged for him to speak before the high school student body the afternoon of the same day on the passage of a bill through congress tracing it through its various stages.

Mr. Free is on several important committees in congress and during his vacation days in his district he is about the busiest man here. He is speaking three and four times a day for part of his stay in California.

Ralph Hyde secured the boys a real treat in the person of Mr. D'Elbert of the Californians, Inc. as speaker for Kiwanis luncheon Wednesday. He gave several concrete examples of the direct results obtained by the publicity and advertising by this booster organization. \$2,000,000 has been raised by San Francisco business men to advertise northern California and as a result 51% of the ticket validations of the entire west coast last year were made at the bay cities. A new plan is being used now whereby sections of the state are advertised in groups.

This is in keeping with a pet scheme of Dean Whitman in combining California Central Coast counties for advertising purposes. Bay cities report that the efficiency of workmen in the manufacturing industries is increased 25% over eastern points.

In the influx of new comers to Northern California, Campbell will secure its proportion. In fact a number of recent arrivals have already settled in our midst.

Harold Cramer and Carl Field gave some very good reasons why they came to California. H. C. Smith sang a solo accompanied by Dr. Merrill at the piano. Louie Shelley will act as chairman next week and Earl Shaw of San Jose will speak on the prune situation in California which is a real vital subject in this region.

Bond Issue Defeated

The bond election for a new \$250,000 high school plant for the Campbell Union district lost by a wide margin. The vote cast was about 50% of the registration of the district and resulted in 310 for bonds with 566 against. As some provision will be necessary to accommodate the increased attendance next fall the Board will have a problem on its hands. No definite statement has been made as to the plans of the next move.

Good Will Club

The Moreland Good Will Club met with Mrs. L. Hiatt on Union Avenue March 30th. Several being absent because of illness. All that were able to attend were glad to welcome a number of Mrs. Hiatt's neighbors as well as her daughter-in-law. A most enjoyable afternoon was spent. A committee of five, together with the heads of the four sections of the club, with Mrs. I. E. Johnson as chairman, was appointed to arrange for a card party shortly after Easter. Mrs. A. V. McCarty read an interesting article "El Dorado and the Lakes of the Sky," by J. E. Thrash. The social hour followed during which time delicious refreshments were served.

Adjournment to meet with Miss Cassidy of Phelps Ave., April 13.

P T A Postponed

Owing to the school vacation next week; the regular evening meeting of the high school P. T. A. will be held the following Tuesday evening, April 19. Parents please keep this in mind and plan to attend.

SPECIALS

Saturday only-

"The Greatest
Tire In The
World"

All that, and then some!

When Goodyear announced "The Greatest Tire in the World" we sat up and took notice. Knowing Goodyear, that seemed to us a pretty sensational statement for such a solid, long established company.

Now toat we've seen the tire, tested it, and tried in vain to find something the matter with it, we add our bit to Goodyear's statement:

It's the most wonderfully designed and built tire we have ever seen. It's everything Goodyear said, and then some!

You ought to catch up on tire news. Get the 1927 story. Come in and see just how a new specially-designed tread, and the Goodyear Supertwist casing brings a new day in balloon tire performance.

Haliwell & Jones

OPPOSITE SCHOOLS - CAMPBELL

An authorized Goodyear Service Station, rendering the help Goodyear pledges to enable you to get every last mile out of Goodyear Tires and Tubes. More people ride on Goodyear Tires than on any other kind.

A TIME FOR LEVELHEADEDNESS

Actually, there is no war declared against China by the foreign powers. Potentially, there is a war going on. It is a war of protection and of enforcement of international obligations. Hundreds of marines have been sent to Shanghai, and some have engaged in bloody skirmishes. These physical clashes with members of the yellow race are going to cause unhealthy mental attitudes among many people of the western world.

It is a time to be level-headed under any and all conditions. Correspondents are but human. They unconsciously show their leanings according to their sympathies. This fact, flavored with Occidental pride and racial distinction, possibly may make many people understand the true situation.

It is too hoped that, should the awful eventuality arise whereby the United States, Great Britain, or both are drawn into general conflict, the people of these nations will keep their heads level. War is bad enough, without inflaming the minds of our citizens with false stories of alleged atrocities of the Chinese. No doubt many of the Chinese are wicked, bad, brutal and revengeful. We know that some among them are of good intent. Surely the decades of missionary work have not all been in vain! But it is well known that despite the alleged depraved acts of German soldiers during the World War, thousands of American and British soldiers will testify to the manliness and even kind treatment shown them by the sons of German soil.

There is no greater weapon than the word "atrocities" to incite and keep aflame international hatred; and this weapon should be used, if at all, only when the whole truth and only the truth can be told. The fate of our nation with reference to China lies greatly upon the shoulders of the press correspondents, because the human element is ever present. There is no more disturbing element in all "war psychology" than enmity placed between brothers of the earth by blundering falsehood.

Let the truth be spoken and written no matter who it hits. If there is any good in China, we want to know about it. If there is any delay in protecting foreign lives and property we want to see action. But if there is any undue activity or hardship against a race or nation that is trying to find the cure for its factional division and lack of unity and progress, we should want to see the strong arm of militarism stayed until it must strike only to preserve human rights and national honor.

DETECTION EASIER

Two youthful bandits held up a Los Angeles Bank, made the employees lie down on the floor, scooped up \$3000 from the teller's window and escaped in an automobile. But for every automobile that carries away a criminal there is another to go after him. One hope of science and invention is that for every contraption that aids in the commission of crime or escape from it, there is an equally effective method of detection and capture because of it.

The fellow who can't look a Campbell merchant in the eye is probably wearing a mail-order necktie.

The love of community is the seed from which springs the love of country.

You can make a garden but you can't make it grow without cultivating it. You can make friends but you can't keep them unless you stand by them.

Most anybody can go out and boost the town along while the band is playing, but it takes a real patriot to sweep out the hall after the concert is over.

Rev. J. H. Bennett's talk Sunday evening on London during the late war, with descriptions of the air raids, was intensely interesting and could not help but intensify the feeling in every heart of the abomination of war and the desire for permanent peace.

Orchard City Grange sponsored a very successful card party Friday evening, which was held in the Community Hall.

Mr. and Mrs. Easton Carter and daughters of Palo Alto visited at the J. F. Duncan home over the week-end.

Q. What is the coldest weather the United States has ever had?

A. The lowest temperature ever experienced in the United States occurred in Miles City, Montana, January, 1888, 65 degrees below zero.

Because of the very heavy growth of grass over the entire state this year, cattlemen are taking steps to prevent serious grass fires during the summer months, according to the California Cattlemen's association. Very heavy feed this year means that as soon as the grass dries, there will be a serious fire hazard in many places in California.

The acreage planted to cotton in Tulare county this spring is expected to be about equal to that of last year. Growers believe that prices are to be better, as the late cotton ginned in the southern part of the San Joaquin valley moved readily. Planting will get well under way in April.

The earliest shipment of Valencia in the Dinuba district seems to have been that of a carload sent out by the Shepherd Fruit Company which rolled March 4. The oranges came from the Barris ranch near Dinuba, and are reported to have been of excellent quality.

The Horse Was Stolen

And then the farmer locked the stable door. He was no less wise than the man who waits until valuable articles have been stolen, or important papers lost, and then rents a safe deposit box.

Burglar proof, fire proof, loss proof safe deposit boxes are available in most American Trust offices. The cost is trifling.

Gram. P T A

The Campbell grammar school P. T. A. met in regular session Tuesday at 2:15 P. M., April 5th, 1927.

After the usual proceedings announcement was made of the Gilroy meeting to be held April 20-21 and the Cupertino meeting of the Federation, April 25th.

The nominating committee was selected with Mrs. Osborne as chairman. Mrs. Bradley's class won the attendance prize.

The P. T. A. voted to hold a food sale this Saturday, April 9th at Gilson's Market. It is hoped the mothers will respond generously with cooked foods.

Mrs. Dana Thomas of Willow Glen gave a wonderful talk on the spiritual life of the child. The audience enjoyed Mrs. Thomas' address very much.

The P. T. A. posters were exhibited and judged. Donald McFarland won the prize for the 7th and 8th grades, while Thomas Sourisseau was given honorable mention.

Elizabeth Mummas won the prize for 5th and 6th grade and honorable mention was given Anthony Mariana.

Mrs. Bradley asks the P. T. A. to meet at 2:00 P. M. in May as she has more than a hundred children taking part in the program.

The meeting adjourned to the cafeteria for refreshments.

Will the next campaign slogan be "He kept us out of China?"

CHURCH NOTICE

Odd Fellows Hall, Campbell, Calif., Full Gospel services every Saturday at 8 P. M. Branch of the Upper Room Mission, Fourth and San Antonio Sts., San Jose. Evangelist Mae E. Frey will speak Saturday, April 9th. We extend a hearty invitation to all, come.

Town Talks Tersely Told

Mr. and Mrs. A. I. Cramer left Wednesday for a week's vacation to be spent largely at Pasadena.

C. E. Hanger drove to Stockton yesterday to bring Mrs. Hanger and Miss Olive home for the latter's spring vacation.

Born—To Mr. and Mrs. Elmer Glau at O'Connor Sanatorium, daughter. Mr. Glau was formerly here as agent for the Standard Oil Co.

The tennis tournament at the school yesterday between Santa Clara preps, will win his match 6-2; Hilton lost 4-6; Thomas lost 6-3.

Frost who has been ill at the hospital with scarlet fever, reported very much improved and the many family are much relieved.

All call of the school will follow a meeting this evening at 8 o'clock. Former principal, Rev. F. C. Farr.

He will remain in the hospital. He has not been able to get up and X-ray of his chest shows no improvement. His condition is still critical.

Mr. Ainsley will remain in the hospital for two weeks. He was joined last week by his wife and daughter, who will remain in the hospital.

Mr. B. Miracle, Mrs. R. Miracle and Mrs. R. Miracle will leave Sunday for a visit of a week to the state capital as far as San Diego. Purmort will substitute for Mrs. Miracle.

Hi School Activities

Thursday morning, March 31st, the students of the high school and grammar school were entertained by the Halamick wonder-children, Joanne and Jean.

The program was composed of a varied selection of compositions, all of which were exceptionally well rendered.

An audience composed entirely of small children and slightly older high school students is a very hard audience before which to perform. The attention of the children was held to the last moment, which speaks well for the two little artists.

Numerous requests were heard for more concerts and although they now are booked for many appearances elsewhere, we hope to have them with us again in the near future.

—Miriam Blaine

Last week Professor Latimer of the University of California visited Campbell Union High School as inspector. Accrediting of the high school to the university depends upon the recommendation of the university inspector. Professor Latimer reported to the university that the school is overcrowded, but that bonds were to be voted on.

The following day Mr. H. M. Skidmore, agriculture inspector from Sacramento, visited the agriculture classes.

DEBATE

Miss Darrow's English II. class held a very interesting debate Tuesday morning on whether bill boards should or should not be abolished.

Mary Maxon, Virginia Lenox, Elwyn Overshiner were on the affirmative while Wilhelmina LeGrand, Eleanor Beatty and Clyde Scheurman were on the negative side. Very good points were brought out on both sides. The judges' decision was that bill boards should be abolished.

—Annette Merrill.

Mrs. Ralph Cookson and infant daughter, Margaret who had been visiting at the W. I. Merrill home, returned to Paso Robles Tuesday.

Rev. J. H. Bennett went to San Francisco Tuesday on business relative to his return to England to bring his wife and son back here with him.

LONE SCOUTS ROUT DULL CARE

The Lone Scouts of the Campbell Wigwam held their second meeting at the home of Lone Scout Hervey Voge on Saturday night, April 2nd.

The program was arranged by the Trailblazer Tribe. This tribe put on a play as their main act entitled "Meeting Number 1 of the Buzzard Tribe" which turned out to be quite a success. They also staged an initiation of new members into the ancient order of the Fly Lodge which was great fun for all. Refreshments were later passed around and quickly disappeared because of their delicious nature. They were prepared by Miss Evelyn Voge who seems to be a first class cook. After the eats the business meeting took place which was connected with some very important business. The results of the election are as follows: Melvil Voge was elected the office of Wigwam Scribe. Spencer Holmes was elected as Wigwam and tribe reporter. A committee was chosen to arrange the program for the coming wigwam meetings. The committee appointed was made up of the 3 tribe chiefs and the medicine man.

The next meeting of the Campbell wigwam will be held on Saturday night, May 7. A fine program is expected as it will be put on by the Busy Beaver Tribe. The program runs as follows: 1—8:00 p. m., the big bonfire will be lit and roll call and business meeting take place. 2—Tribe stunts. —Hot dogs, marshmallows, etc. and all around Pow Wow. 5—Games, stunts, stories, talent, etc.

This program is arranged so that all men and boys who are interested in Lone Scouting may attend provided they bring their own weenies and buns. Let's Come!

Several of the larger Lone Scouts of the Campbell Wigwam have made plans for a hike to the Big Basin State Redwood Park during the spring vacation. They expect to make the trip in ten hours by taking hikers trails and other short cuts. Providing the weather is fine they will have a delightful time as April is the best month of the year for camping under the giant redwoods. A few of the Scouts have never been to the Basin and it will be quite an experience for them.

The purpose of the hike is to get the exercise and fresh air but they also plan on getting some rare specimens of nature, take pictures, and pass degree tests as it is the duty of every Lone Scout to be in the great out-of-doors a small part of his time. Come on spring vacation? We're waiting for you.

—Spencer Holmes, L-S-3.

HONOR ROLL

All 1's—Helen Buck, Pauline Guida, Helen Lenox, Mary Maxon, Ruth Newton, Hazel Ousley, Gladys Pfleger, Ebba Swanson, Elsie Swanson, Louise Smith, Phyllis Shelley, Helen Stray, Hervey Voge.

One 2 and remainder 1's—Frances Barstow, Mildred Cannon, Flora Downs, Conrad Gaiser, Eulah Hook, Clara Knoff, Wilhelmina LeGrand, Libertario Mammini, Lucy Papac, Phoebe Payne, Emma May Rapp, Elizabeth Rapp, Elin Swanson, Ruth Townsend, Margaret Tutt, Nadine Wendt, Glenn Willis.

One 3 or Two 2's remainder 1's—John Buccellato, Emmi Berry, James Cowell, Katherine Eitzert, Grace Ferro, Ethel Fletcher, Ernest Furtado, Mary Gorkovich, Fay Lovell, Elwyn Overshiner, Edna Raby, Jean Ross, Evelyn Smith, Margaret Semichy, Clyde Scheurmann, Joseph Vieira.

Mr. and Mrs. C. W. Wolff left this week for an eastern vacation trip and will be gone about five weeks. They will go by the southern route, to New York returning via Chicago.

Mr. Wolf will transact business for the J. C. Ainsley Pkg. Co. in the eastern markets.

The vote for fire commissioner was rather light but very unanimous. Of the forty-six votes cast, W. H. Stray, the present commissioner, received forty-four.

Mr. and Mrs. R. J. Brennan and children of Detroit, Mich., were guests of Miss Jessie Lewis over Monday.

IN MEMORIAM

In the passing of Mrs. Marie Scholz on Monday, April 4th Campbell and Santa Clara county have lost one of their most esteemed citizens.

Mrs. Scholz was born in 1852 in Erfur Thuringia, Germany. She came to America with her father, who was a botanist and musician and they settled in New York City. In 1871 she married Mr. Oswald Scholz and in 1875 they moved to the Hawaiian Islands where Mr. Scholz engaged successfully in the mercantile business in Honolulu and also in Kauai where he was post master for a time. He was also interested in a plantation and other investments, in all of which he prospered. But on account of Mrs. Scholz's ill health the family were obliged to return to the United States in 1891. After a short time spent in San Jose, they invested in an orchard just outside of Campbell on the Santa Clara Los Gatos road and here they built their permanent home.

Mrs. Scholz inherited her passion for flowers and nature from her father and immediately began to beautify the grounds around the home with choice and beautiful trees, many of them planted by her own hands, and now they are grown large and stand in their grandeur and beauty, a monument to her memory. Her flower garden which she tended with such loving care contained almost every variety of plant and shrub, and in her self-planted park and garden, she spent many happy hours.

Mrs. Scholz was also much interested in music, inheriting her talent from her father and devoted many hours to her piano and after entertaining her friends in the evenings with her delightful performances.

Mr. Scholz passed away in 1901.

While Mrs. Scholz was delicate in appearance, she was a woman of great accomplishment. She was a fine housekeeper and homemaker and an ideal mother and she was always able to retain the devotion and respect of her twelve children, nine of whom survive her. There are also ten grandchildren and one great-grandchild.

Mrs. Scholz was a member of the Orchard City Grange, which she loved to attend and also of the Pomona Grange, but ill health for the past three years has prevented her from enjoying these meetings.

Her memory will long be cherished by a wide circle of friends, who have so often enjoyed her genial and witty society and her kind and liberal hospitality.

She was a remarkable and noble woman and a woman of large achievement and "good works."

—Contributed.

Mr. and Mrs. H. C. Smith went to San Francisco Saturday afternoon on business and in the evening attended the Beethoven Symphony Concert in the Civic Auditorium given by the Symphony Orchestra and the Municipal Chorus. The bass soloist, Mr. Herbert Gould, now of Chicago, was a childhood friend in their native town, St. Cloud, Minn., and they enjoyed a very pleasant reunion.

Mr. H. E. Clouser accompanied by Mrs. J. B. Welch and son who have spent the winter here, started last week for Herrington, Dela., making the journey by auto. In spite of our rather unpleasant winter Mrs. Welch expressed her delight with California and her hopes of returning later.

Wm. Rice who has been visiting his brother A. D. Rice while settling the estate of his father the late W. J. Rice left Wednesday for his home at Lincoln, Nebr.

Announcement

An engagement of local interest was announced recently at a prettily appointed tea at the Mark Hopkins Hotel in San Francisco given by Mrs. Rose Goodwin.

The betrothal of her daughter, Miss Violet Beaulieu, to Max F. Bartholomew, older son of Mr. and Mrs. F. K. Bartholomew of Campbell.

The bride to be is the only child of Mrs. Goodwin, formerly of Portland, Ore. but more recently of San Jose and San Francisco. Among the guest were Mesdames F. K. Bartholomew, R. E. Bartholomew and H. G. Mitchell, relatives of the prospective groom.

NOTICE OF TRUSTEE'S SALE
WHEREAS, ANDREW J. LIPSETT is the present owner and holder of a certain promissory note dated September 29, 1925, made by J. E. Crawford, a single man, as maker, and Andrew J. Lipsett, as payee; and

Whereas, payment of said note is secured by deed of trust of record in Volume 188 of Official Records, page 215 et seq., Santa Clara County Records, executed by J. E. Crawford, a single man, as trustee, to California Pacific Title Insurance Company, a corporation, as trustee; and Andrew J. Lipsett, as beneficiary; and

Whereas, San Jose Abstract & Title Insurance Co., a corporation, has been duly substituted as trustee in said deed of trust in place and stead of California Pacific Title Insurance Company, a corporation; and

Whereas, default has been made in the payment of the principal of said note and interest due thereon and other sums due under said deed of trust; and

Whereas, on January 4, 1927, Andrew J. Lipsett recorded in the office of the County Recorder of the County of Santa Clara, State of California, a notice of default and of his election to cause the property described in said deed of trust to be sold to satisfy such obligation as required by Section 2924 of the Civil Code of the State of California;

Now therefore, pursuant to the written application of said Andrew J. Lipsett and in accordance with the terms of the said deed of trust and to satisfy the indebtedness and all other amounts secured by said deed of trust, said trustee hereby gives notice that on the 2nd day of May, 1927, at 2:00 o'clock p. m. at the front door of the County Court House in the City of San Jose, County of Santa Clara, State of California, the undersigned will sell at public auction to the highest bidder in cash in lawful money of the United States, that certain real property situate in the Town of Campbell, County of Santa Clara, State of California, described as follows:

Lot five (5) as designated and delineated on a certain map entitled "Map of Sunnyside Park, being part of lot 'I' of maps, page 117, Records of Santa Clara County, California," which said map of said subdivision was recorded in the office aforesaid on June 23rd, 1910, in Volume "N" of Maps, at page 1, records of said county.

Dated: April 6, 1927.

CAUSE OF STARTING TROUBLE

Often when the starting motor of your car does not turn over, the Free Emergency Road Service of the California State Automobile Association points out, the trouble is not a dead battery but a loose or sulphated terminal or connection.

More freedom when electric range cooks for you

Cooks automatically while you're out in the sunshine

The electric range eliminates the hours of watching in the kitchen.

That is why many women—perhaps some of your neighbors—have more freedom. For an electric range cooks automatically.

While you're away the electric current turns on at any time you wish. After the cooking is finished it turns off.

When you return, the dinner is deliciously done and ready to serve. Even if you come home an hour late, the insulated oven keeps the food warm.

One of our representatives will gladly tell you about the electric range and how it gives you freedom, a cool summer kitchen and keeps cooking utensils clean. Just phone or write to P G and E office.

Summons

IN THE SUPERIOR COURT OF THE
STATE OF CALIFORNIA
IN AND FOR THE COUNTY OF
SANTA CLARA 34460

DORA HOEFT HUGEE, Plaintiff vs.
THEODORE W. HUGEE, Defendant.
Action brought in the Superior Court of the State of California in and for the County of Santa Clara, and the Complaint filed in the office of the Clerk of said County of Santa Clara.

THE PEOPLE OF THE STATE OF CALIFORNIA send greetings to THEODORE W. HUGEE, Defendant.

You are hereby directed to appear and answer the Complaint in an action, entitled as above, brought against you in the Superior Court of the State of California, in and for the County of Santa Clara, within ten days after service on you of this Summons, if served within this County, or within thirty days if served elsewhere.

And you are hereby notified that unless you so appear and answer as above required, the said plaintiff will take judgment for any money or damages demanded in the Complaint as arising upon contract, or will apply to the Court for any other relief demanded in the Complaint.

Given under my hand and the seal of the Superior Court of the State of California, in and for the County of Santa Clara, this 22nd day of March, A. D., 1927.

(Seal) HENRY A. PFISTER, Clerk
By R. K. O'Neil, Deputy Clerk.
F. V. CAMPBELL, Atty.

In anticipation of the heavy run of water down toward Tulare lake this year the Lovelace Reclamation district is having its big dredger overhauled and recaulked. There has not been sufficient water in the sloughs to float it since the flood year of 1923. Canals are being cleaned out, levees repaired and dredging machinery of the numerous reclamation districts on the lake bed being put into the best of condition, so that if a flood again comes down Kings river this spring it can be carried through the canals and be distributed on uncultivated lands, thus being kept off the immense acreage of grain on the lake bed.

A \$5,500,000 power project financed by the Yosemite Power company will be under way in a very short time. It is expected as the result of the recent decision of Edward Hyatt, Jr., chief of the state division of water rights, besides providing for the huge project the permit makes possible the diversion of 175 second feet annually from the Tuolumne river and the impounding of 65,000 acre feet on the main river and the south fork storage purposes. The proposed power plant is to be erected on the Tuolumne river a short distance above Ward's ferry.

Crime was described as America's "outstanding problem" by Lieutenant Governor Burton K. Fitts in an address delivered recently before the Commonwealth Club of San Francisco. "The crime problem," he said, "presents an actual state of armed warfare between the honest, law-abiding citizens and a malignant class, whose only means of livelihood is that of murder and robbery. The World war took 49,231 American lives; over 65,000 American citizens have been murdered in the United States since the armistice."

Union District

The March meeting of We and Our Neighbors club was a most enjoyable affair. The hostesses for the afternoon were Mesdames Frederick Battee, E. H. Todd and Bertha K. Holman. The latter being in San Francisco, Mrs. Lloyd Holman assisted. The clubhouse was attractively decorated. Lovely wild-flowers were used throughout the reception rooms, Shamrocks, harps, green crepe paper and candles were used as a St. Patrick suggestion, making an attractive addition.

Mrs. Edwin Howes, president of the club, presided over the meeting. Invitations to attend special feature meetings of the Los Gatos History club on March 30 and the Country Woman's club of Campbell Monday afternoon, April 4, were accepted.

The secretary was instructed to write to the board of supervisors in regard to the unfinished portion of the Los Gatos-Almaden road from Union avenue to Lone hill. Mrs. Frederick Battee gave a splendid report of the County Federation of Women's club meeting held at Saratoga, March 18.

Mrs. Irving C. Butler was elected delegate to the San Francisco district federation meeting to be held at Willets April 21, 22 and 23, and Mrs. Leslie Dow was elected alternate delegate.

There being no special program, a most informal discussion of various topics was greatly enjoyed.

The members of the club were pleased to learn through Mrs. Paul Arnerich that the E. B. Scott family were enjoying very good health.

The hostesses for the April meeting will be Mesdames Ray Howes, Ella Maece and Amanda Webster.

At the close of the meeting the members were invited to the dining room, where very delicious refreshments were served, the guests being seated at an unusually attractive table. Green and white was the color scheme, carried out in refreshments and favors. Tall green lighted candles gave a soft glow to the table. A social hour was enjoyed over the coffee cups.

The whist party given Saturday evening, March 26 under the direction of Miss Anna Kopp and Mesdames W. K. Nichols, E. H. Blakey, Levi Farwell and M. Mirasson, was a most enjoyable affair. The clubhouse was beautifully decorated, being a bower of lovely spring flowers in all the beautiful pastel shades, with a touch of the darker shades here and there. At the end of the game very lovely gifts were awarded. Delicious coffee and sandwiches were then served, the guests being seated at a long table. The decorations were old-fashioned bouquets. This was another of the enjoyable series of parties which have been given by the We and Our Neighbors club in the past year.

On Saturday evening, April 23, Mrs. E. O. La Montague, assisted by Mesdames E. H. Todd, John Breiser, Ray Howes and L. Woodward, will give a whist party. A cordial invitation is extended to all friends of the club.

Mr. Irving B. Major has returned from a visit to Weepah and Tonopah, Nev., and is again with his aunt and uncle, Mr. and Mrs. Irving C. Butler.

One of the very lovely affairs of the early spring was the luncheon given by Mrs. Lowell H. Grant at her home on National avenue in honor of Miss Vera Schultz, fiancée of Lowell H. Grant, Jr. The table was very beautiful, pink and green being artistically used as a color scheme.

Sheep range assignments on the Modoc National Forest have all been made for the grazing season of 1927, and according to forest service officials the range in the Modoc National forest is fully stocked for this year. Approximately 35,000 head of sheep will graze within the Modoc forest during the present season, most of which are owned by Modoc county sheepmen.

California does not produce enough dairy products to feed its population, and must call upon neighboring states to meet this shortage. This situation is emphasized by the 1926 tabulation of the United States department of agriculture, showing the receipts of butter and cheese in San Francisco and Los Angeles. The receipts of butter at San Francisco during the year were 27,604,168 pounds, and at Los Angeles 44,032,721 pounds, making a total of 71,636,889 pounds. Of this amount California contributed 42,712,322 pounds to the two markets. Of the 28,924,577 pounds received from outside of the state Idaho, Montana, Oregon, Utah and Washington furnished the majority.

Credited with having produced 50.49 pounds of butter in seven days, Pansjo Tilly Abbeirick, 5-year-old Holstein cow owned by Mrs. Fred Stenzel of San Lorenzo, was holder of the new world's record. Professor W. M. Regan, head of the dairy production department of the animal husbandry division of the University of California, announced the record. The seven-day test was conducted under constant observation of experts from the university farm at Davis, and Charles A. Hughes, secretary of the California association of the Holstein-Friesian association of America, breeders of the cow.

WATER CONSERVATION

Last week we told our readers how the Valley Water Conservation Association is offered the upper Page ditch for \$2000 and the Santa Clara Valley Water Co. (Duncan) ditch for \$1750. The Association is permitted by its by-laws to purchase for cash only; it cannot incur an indebtedness beyond funds on hand with which to pay. Therefore, it must raise the necessary money before May first when the Page option expires.

Committees representing the Association are canvassing the people who will be most benefited by this water conservation project. All contributions are voluntary; orchardists are asked to pay 50 cents per acre while city commercial interests are solicited on a different basis. Membership is also sought, \$2 being the initial fee, and \$5 the annual dues. Anyone contributing more than \$7 may become a member with fee paid and dues for 1927 also paid.

Although soliciting funds has been under way only a few days the different teams report very satisfactory progress. In Meridian district, the team is P. J. Martin and J. E. Wiesendanger; in Moreland, Geo. C. Payne and Leroy Anderson; about Campbell, S. N. Hedegard; in Santa Clara and Agnew, K. E. Bracher and A. Brown; with the canneries, R. P. Van Orden and John A. Fair. Another team is working with the pump manufacturers and dealers.

One of the most encouraging features of the canvass is the almost unanimous approval of the plan for conserving flood waters which the Association has adopted;—that of percolating more water into the gravels of the creeks and graveling lands. The Page and Duncan ditches offer such a wonderful means for forcing water into the gravels to feed the wells that every land owner and every interest that depends on the orchardist for business should help the Association with money.

Cherry scions from the Hartz Mountains, in Germany, have just been received by Dr. W. L. Howard of the pomology division of the University of California's College of Agriculture at Davis. These scions will be used in the propagation of trees to be tried under California conditions. The German variety is said to be remarkably free from trunk diseases, such as gummosis, which is an enemy that takes heavy toll from California cherry trees. Sunburn, also, is said to be unknown in the German trees.

Officials and members of veterans' organizations and prominent men in civil life gathered in large numbers at the Mark Hopkins hotel in San Francisco a short time ago, in tribute to United States Attorney George J. Hatfield. A testimonial banquet marked the occasion of his retirement as a member of the Veterans' Welfare board, in which he has been a conspicuous leader. Delegations from cities all over the state attended the banquet and joined in the testimonial to the service rendered by Hatfield.

Isaac Bradshaw of Chico, recently discovered a double-headed calf among his range cattle on the Charles Duffa ranch on Deer creek. The freak was dead, however. The left head was almost normally placed on the front of the neck, with the other head a little to one side. Both heads and the body were fully developed. There were three ears, one being unusually large at the point where the heads joined.

Agricultural students of the Napa Union high school earned more than \$4,000 last year. This is according to Philip Webster, agricultural instructor. The value of the farm mechanics work alone amounted to \$1,600. Webster pointed out how the students are bringing in actual money to the community while they are being educated in the science of modern farming.

The first cotton-textile mill in the San Joaquin valley is to be built in Corcoran. San Francisco capitalists having agreed to finance the building and equipment of the plant to cost \$200,000. The mill is to have a capacity of 2,000 bales of cotton a year and employ 200 people the year around. Cords for automobile tires will be one of the products.

Remodeling of the American Legion hall at Sanger, Fresno county, is now under way and will be completed within the next couple of weeks, according to announcements. F. N. James, county carpenter, is supervising the work, which is being financed by a \$1,200 appropriation made by the county supervisors.

General contract to build a \$150,000 administration building at the California State Teachers' College at Santa Barbara has been awarded to contractors. The education unit was designed to cover an area 47x261 feet, will rise two stories and basement in height. The building will embody a modified type of Old Spanish architectural design.
